*Summary:* C claimed deferred consideration under a share purchase agreement and a 5-day trial was listed for January 2019. Simon took over the case in late 2018 and obtained orders freezing the Ds' assets, striking out part of the defence for failure to comply with an order for specific disclosure, and striking out the rest of the defence for failing to pay costs orders. C then applied for judgment before trial. Although a statutory moratorium had been imposed in respect of D1 when its directors had applied for an administration order, the judge gave permission to continue with the application entered judgment in full and continued the freezing order post-judgment, increasing the amount to include an

instalment that was not yet due. Acted for C. Instructed by B P Collins LLP.

*Summary:* At the end of day 2 (Friday) of an 8-day trial, and after Simon had conducted a robust cross-examination of C, the proceedings were adjourned early in order for C's witnesses to attend. The next day C served a notice of acceptance of D's Part 36 offer. C's application for permission to accept the offer was heard and dismissed by the applications judge on the grounds that there had been a material change of circumstances that would make it unjust to grant the permission sought. Acted for D. Instructed by B P Collins
- **Bibby Factors Northwest Ltd v HFD Ltd** [2016] 1 Lloyd Q.B. Rep 517 (CA)  
*Subject:* Assignment; rebates and early settlement; equitable set-off and estoppel; factoring & invoice discounting.  
*Summary:* Court of Appeal held that where a factor sought payment from customers in respect of debts which it had bought, the customers were entitled to rely on the right of equitable set-off in respect of their right to a rebate for every supply, and for debit notes raised for defective performance. The close connection could not be severed by the customers' failure to inform the factor about the rebate as they had been under no obligation to do so, even though they had traded for 13 years. Acted for the factor. Instructed by Bermans LLP.
- **Capital for Enterprise Fund & Maven Capital Partners LLP v Bibby Financial Services Ltd** [2015] 6 Costs L.R. 1059  
*Subject:* Conspiracy by unlawful means; costs budgets and interim payments.  
*Summary:* Important case on cost budgeting. High Court held there was no jurisdiction to amend an approved costs budget after trial; that was a matter for a costs judge. The court might have jurisdiction to give an indication that it would be appropriate to depart from an approved costs budget, but if it did so, the jurisdiction should be exercised only in exceptional circumstances and only where the parties expressly or impliedly agreed that it was appropriate to do so. Acted for the factor. Instructed by Shoosmiths.
- **Qatar National Bank SAQ v Gulf Aviation Services Group WLL** [2016] (Comm Ct) (unrep)  
*Subject:* Term loan; aircraft mortgage.

- **Kowalishin v Roberts & Tech21 UK Ltd** [2015] EWHC 1333 (Ch) LTL 18/05/15  
*Subject:* Contract formation; share purchase agreement; unjust enrichment.  
*Summary:* C had invested in a company but was not entitled to a shareholding because he had paid the money in advance of a binding agreement to that effect. The parties had not intended to be contractually bound at least until heads of terms had been agreed. The court also rejected an exceptional alternative claim for "subjective re-valuation" of the money transferred and made an award equal to the investment plus compound interest since the date of payment. Acted for Ds. Instructed by Matthew Arnold & Baldwin LLP.
- **Capita Trust Ltd v Optical Service (UK) Ltd** [2014] EWHC 991 (Ch) LTL 14/03/12  
*Subject:* Loans; accounting, pension and tax records; two-day summary judgment.  
*Summary:* Summary judgment was entered in full against a company that denied owing unpaid bonus payments to a deceased employee. Rose J. rejected the defence and unsupported assertions of the officers of the company as so incredible that they could properly be described as fanciful. Acted for Capita. Instructed by Matthew Arnold & Baldwin LLP.
- **Valley Grown Salads v Bassini** [2013] EWHC 1304 (Mackay J) LTL 21/03/13  
*Subject:* Banking and finance; loan agreements; freezing injunctions;  
*Summary:* Defending application for summary judgment on claim for repayment of loans amounting to £4.5m on the grounds that the sums were paid as part of a covert share sale to circumvent the Stock

Market Rules on the takeover of Watford Football Club. Judgment only given for £950,000, and freezing order reduced from £4.5m to £1m. Acted for the D against Nicholas Stewart QC. Instructed by B P Collins.

- **Vaughan v Von Essen Hotels 5 Ltd** [2007] EWCA Civ 1349  
*Subject:* Share sale agreement; service provisions; agency.  
*Summary:* Court of Appeal upheld the judge's decision that the relevant provisions of a clause in a share sale agreement relating to deemed service were mandatory rather than directory such that the hotels' warranty claims under the agreement were not served timeously. Acted for C. Instructed by Paul Davidson Taylor.
- **Colwill & Martin v Avraamides** [2007] BLR 76  
*Subject:* Contracts (Rights of Third Parties) Act  
*Summary:* The first time the Court of Appeal considered the 1999 Act, holding that a contract could not be enforced under s.1(1)(b) where the third party was not expressly identified, and that the use of the word "express", did not allow a process of construction or implication. Instructed by Goodman Derrick LLP.
- **Paul Davidson Taylor v White** [2007] Rep PN 7  
*Subject:* Professional negligence (solicitors).  
*Summary:* Court of Appeal criticised the distinction drawn in professional negligence cases between negligently failing to give proper advice and negligently giving incorrect advice, stating every case of giving incorrect advice necessarily involves failing to give proper advice. Acted for successful solicitor, Paul Davidson Taylor.
- **Vaughan v Von Essen Hotels 5 Ltd** [2006] EWHC 3586 (Ch) (Etherton J) LTL 31/8/07  
*Subject:* Share sale agreement; service provisions; agency.

- **Venture Finance Plc v Mead & McCarrick** [2006] 3 Costs LR 389  
*Subject:* Factoring & invoice discounting; guarantee; joint & several liability.  
*Summary:* Court of Appeal considered the proper order to make, where guarantors were severally liable for costs of enforcement. Acted for successful C. Instructed by Hammonds LLP.

## Banking & Finance

Simon works for a wide range of banks, factors and discounters, and other financial institutions. In addition to his advocacy and advisory work, he is also frequently asked to draft or advise upon financial agreements and security arrangements. He recently assisted a city firm in drafting a declaration of trust over the receivables for a £250m revolving receivables facility.

Recent work includes:

- **Asset Advantage Ltd v Karpal** [2021]  
*Subject:* Hire agreement; title to assets; contractual estoppel; guarantee.  
*Summary:* Goods and services supplied to fit-out a trampoline park were set out in schedules to hire agreements. D denied liability under his guarantee and legal charge on the grounds that the hirer was not liable because services cannot be hired, and C did not have title to goods hired because title had been lost when they were affixed to the property. Court held that D was bound by his guarantee and legal charge. Acted for C. Instructed by Greenhalgh Kerr. Leading Alexander Kingston-Splatt
- **Finance and Credit Corporation Ltd (in liq) v Anderson & Elrick** [2020] (QB) (ongoing)  
*Subject:* Bridging finance; guarantees; security for costs against liquidator; conclusive evidence clause.  
*Summary:* Claim against directors on guarantees for £5.7m. Successfully opposed application for security for costs against company in liquidation. Obtained conditional order on summary judgment application on grounds that writing off the debt owed by the principal debtor did not extinguish or release the debt owed by the guarantors. Acting for C.
- **Moore v Butterfield Mortgages Ltd** [2019] EWHC 1960 (Ch) *Subject:* Summary judgment; term

loans; bank's liability for acts of LPA receivers; estoppel by representation and convention; reservation of rights and waiver; conclusive evidence clauses. *Summary*: C had an £8m investment facility with the bank secured against his property portfolio. He asserted that following expiry of their term (by variation, estoppel or waiver), the loans became repayable on demand so that before a valid demand the bank had debited default interest in breach of contract. He claims he paid £1.035m by mistake and has suffered £4m damages. Court held that arguments based on estoppel by representation, estoppel by convention and waiver should be struck out. Acted for bank. Instructed by Judge Sykes Frixou.

- **Catalyst Business Finance Ltd v Very Tangy Television Ltd & Tuckwell** [2018] (Jefford J) LTL 25/9/18  
*Subject*: Bridging finance; guarantees and indemnities; primary liability as indemnifier; conclusive evidence clause.  
*Summary*: Claim against director on his guarantee who sought to rely upon the £7.6m counterclaim of the borrower, Very Tangy, by way of defence. Court held that (1) the guarantee contained primary obligations and that C's certificate was binding as to liability and quantum, and (2) the counterclaim had no real prospect of success. Acted for C. Instructed by PDT Solicitors LLP.
- **Johal v Elm Property Finance Ltd** [2018] (May J) LTL 13/03/18  
*Subject*: Bridging finance; non est factum; undue influence; video evidence.  
*Summary*: A mortgagee claimed possession of property owned by the Ds who defended on the grounds of undue influence exercised by their son. The case was compromised upon terms attached to a Tomlin order at a mediation at which the Ds were represented by solicitor and counsel. Ds then applied to set aside the compromise on the grounds of non est factum and undue influence exercised by their son who had allegedly misled his father while acting as translator at the mediation. Video evidence revealed that the father spoke clear English and had no real prospect of contending that he did not intend to enter into the compromise or that he did not understand what had been agreed. Acted for the financier against Geraint Jones QC. Instructed by Francis Wilks & Jones.
- **BHL v Leumi ABL Ltd** [2018] 1 All ER (Comm) 965  
*Subject*: Factoring & invoice discounting.; collection fees; contractual discretion; penalties; mistake and unjust enrichment.  
*Summary*: High profile case in which the Mercantile Court held that a factor's collection fees of £1.2m plus VAT were not payable. Although the factor had a contractual discretion to determine the amount of the collection fee, it had not exercised that discretion or, if it did exercise a discretion, it was wholly arbitrary, irrational, and manifestly failed to take into account important factors. The indemnifier, BHL, was entitled to restitution on the grounds that it had paid £735,000 by mistake. Acted for BHL. Instructed by Eversheds Sutherland (International) LLP.
- **Bibby Factors Northwest Ltd v HFD Ltd** [2016] 1 Lloyd's Rep 517 (CA)  
*Subject*: Assignment; retro rebates; equitable set-off and estoppel; factoring.  
*Summary*: Court of Appeal held that where a factor sought payment from customers in respect of debts which it had bought, the customers were entitled to rely on the right of equitable set-off in respect of their right to a rebate for every supply, and for debit notes raised for defective performance. The close connection could not be severed by the customers' failure to inform the factor about the rebate as they had been under no obligation to do so, even though they had traded for 13 years. Acted for the factor. Instructed by Bermans LLP.
- **ABN Amro Commercial Finance plc v McGinn** [2014] 2 Lloyd's Rep. 333 (Flaux J.)  
*Subject*: Factoring & invoice discounting; guarantees and indemnities; primary liability as indemnifier; losses under indemnity.  
*Summary*: Claim for £9m against directors. Court held the directors had signed contracts of indemnity rather than guarantee, so they could not rely upon defences of their company, and any alleged failure to collect debts did not give rise to a defence of failure to mitigate under a contract of indemnity. Acted for ABN Amro. Instructed by Squire Sanders (UK) LLP.
- **Prima Equity Ltd v West Bromwich Commercial Ltd** [2013] EWHC 1450 LTL 27/03/13  
*Subject*: Banking and finance; capital; default; facility letters.  
*Summary*: Court held that a building society was not entitled to make demand for £8.5m, as it had, at the time of the demand, held excess funds that had been wrongly deducted as capital repayments from a borrower's bank account, which meant that no sums were in fact due at the relevant time. Acted for the society against Mark Cunningham QC. Instructed by Shoosmiths.
- **Anglo-Irish Asset Finance Ltd v Flood & Riddell** [2011] EWCA Civ 799 (CA)  
*Subject*: Banking; guarantees and indemnities; fresh evidence; security for costs.

*Summary:* Court of Appeal dismissed Ds' appeal from the decision of the Commercial Court. The Court allowed fresh evidence in relation to the new coalition Irish Government's policy towards the Irish banking system and the EU/IMF bail-out, and upheld the Judge's decision that it would not be just to make an order for security in favour of the Ds because the claim and counterclaim raised the same issues, and ordering the lender to give security would have the effect of giving the Ds' security for the costs of their own counterclaim. Acted for the bank. Instructed by Mishcon de Reya.

- **Anglo-Irish Asset Finance Ltd v Flood & Riddell** (unrep) 04/03/11 (Teare QC)  
*Subject:* Banking; guarantees and indemnities; security for costs.  
*Summary:* Acted as sole counsel for Irish lender in security for costs application. Claim for £35m on limited guarantees against directors, who brought a counterclaim for £220m and sought security for costs. The Commercial Court concluded that there was reason to believe that the lender would be unable to pay the Ds' costs if ordered to do so (because of political and economic uncertainty), but the judge declined to order security on the basis that the counterclaim raised substantially the same issues as the claim. Acted for the bank. Instructed by Mishcon de Reya.
- **RBS Invoice Finance Ltd v Dymond** [2012] (Lloyd Jones J) LTL 09/02/12  
*Subject:* Factoring & invoice discounting; guarantees and indemnities; insolvency; sale at an undervalue by administrators.  
*Summary:* Appeal dismissed on the grounds that the Defence was "thin" and would probably not succeed. D granted permission to defend on condition that he paid a substantial sum into court. Acted for the bank. Instructed by Mishcon de Reya.
- **Uddington Business Ltd v Browne & Maxwell** [2011] (Morritt J) LTL 09/12/11  
*Subject:* Property investment; fraud and tracing; freezing orders; security for costs.  
*Summary:* Chancellor held that where there had been persistent flouting of freezing and proprietary injunctions, the court had jurisdiction to strike out a defence, or order that Ds should provide security for the claim. The Ds only served evidence purporting to comply with the orders the day before the hearing so the court made a stringent unless order and ordered them to pay costs on an indemnity basis. Acted for the financier. Instructed by Mishcon de Reya.
- **Close Invoice Finance Ltd v Korpál** [2009] LTL 02/11/09  
*Subject:* Factoring & invoice discounting; guarantees and indemnities; conclusive evidence.  
*Summary:* High Court held that a short-form warranty given by an individual to a factor was analogous to a performance bond, that a certificate of conclusive was not contrary to public policy and bound the surety both as to liability and quantum. Acted for the factor. Instructed by Hammonds LLP.
- **Fairfax Gerrard International Ltd v Capital Bank Plc** [2008] 1 Lloyd's Rep 297  
*Subject:* Trade finance; international sale of goods; conversion.  
*Summary:* Court of Appeal construed a trade finance agreement and trust receipt, particularly a retention of title clause, to determine whether a company specialising in the international purchase and sale of machines had express authority to pass title of the machine in question before going into liquidation. Acted for the trade financier. Instructed by B P Collins.
- **Fairfax Gerrard Holdings Ltd v Rickson & Flanagan** [2008] (QB) (unrep)  
*Subject:* Trade finance; fraud; sale by receivers at an undervalue.  
*Summary:* High Court rejected defence by guarantors that a trade financier had sold assets at an undervalue. Acted for the trade financier.
- **Sinclair Investment Holdings SA v Versailles Trade Finance Ltd** [2007] 2 All ER Comm 993 (Rimer J)  
*Subject:* Trade finance; fraud; Ponzi scheme; breach of fiduciary duties, tracing.  
*Summary:* High Court considered whether there is a proprietary claim in respect of £29m profit made by the fraudulent director of Versailles Trade Finance who had dishonestly assisted in a breach of trust. Instructed by Sinclair.
- **Quest 4 Finance Ltd v Maxfield** [2007] 2 CLC 706  
*Subject:* Guarantees; fraudulent misrepresentation; non-reliance clause.  
*Summary:* Court held that documents described as "Warranties" were properly characterised as guarantees, and that company directors that had been induced by misrepresentations to execute the Warranties were not estopped by declarations of non-reliance from alleging that they had relied on the misrepresentations and had been induced by them. Acted for the financier.
- **Fairfax Gerrard International Ltd v Capital Bank Plc** [2007] 1 Lloyd's Rep. 171; [2007] BPIR 330  
*Subject:* Trade finance; international sale of goods; reservation of title; buyer in possession;

conversion.

*Summary:* Commercial Court rejected defences based on an agent's authority to sell, mercantile agency and sale by a buyer in possession and held that by leasing an asset to its client, a Bank had converted a trade financier's interest in a machine. Acted for the trade financier against John Randall QC. Instructed by B P Collins.

*Summary:* The case involved a number of purported transfers and allotments of shares of a hotel group: a transfer by the initial subscribers to two transferees, one of whom became bankrupt and purported to transfer his share to a third party, then an apparent allotment of new shares to dilute interests of shareholders. The trustee in bankruptcy also maintained that the Rs had caused to be created a number of forged documents and none of the shares or allotments were effective. The case settled on the first day during Simon's opening speech. Acted for the trustee.
- **Barnett & Henley Estates Ltd v Rose, Jackaman & Bales [2011] LTL 21/09/11**  
*Subject:* Bankruptcy; pre-emption rights; minority shareholders; statutory auditor; expert determination and collusion/bias.  
*Summary:* High Court held that an accountant's certificate as to the fair value of a bankrupt's shares was not binding on his trustee in bankruptcy because the certifier was not the statutory auditor, as required by the company's articles of association. The Court also found that the certificate would not have been binding on the grounds that the accountant had colluded with, and was biased in favour of, the majority shareholders in order intentionally to produce a certificate with a low value. Acted for the Cs. Instructed by B P Collins LLP.
